

# EK:JN Archi . txt

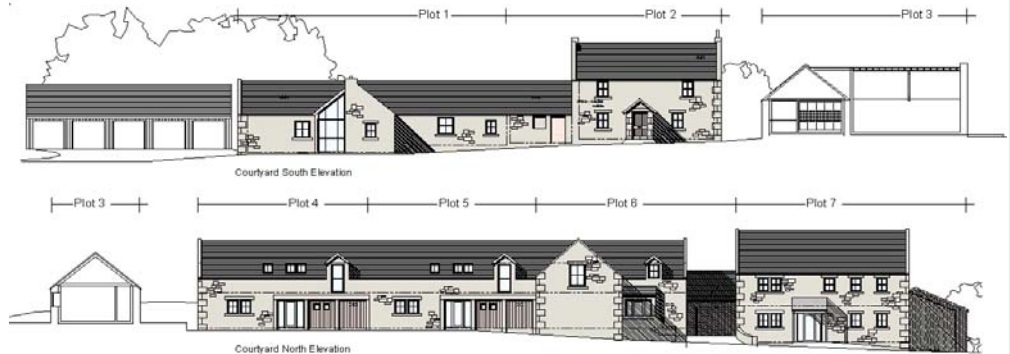

Issue 06/03

HOUSES : OFFICES : SHOPS : RESTAURANTS : MEDICAL : INDUSTRIAL

Based on Linlithgow's historic High Street EK:JN architects have an impressive variety of projects in progress throughout Scotland including shops, offices, leisure complexes, housing, industrial units, cafes, restaurants, a marina and a castle. Despite our burgeoning workload we are always looking for new, exciting commissions to keep our team of architects, technicians and interior designers on their toes. Find out more by visiting our website at [www.ekjn.co.uk](http://www.ekjn.co.uk)

## Steadings Developments

EK:JN have revealed designs for an exclusive development of 7 family homes at Tippetcraig Steadings near Bonnybridge. Other, similar projects are also in progress.

Overlooking Linlithgow loch this dramatic extension on Parkhead Road is nearing completion

## New recruit

EK:JN are pleased to welcome architect Rachel Simons to the practice. Rachel trained at Cambridge and Sheffield and gained wide-ranging experience in Yorkshire and Edinburgh before joining EK:JN in April.

Fishing lodge, Callendar:  
A stunning little loch-side building, now complete and open for business.

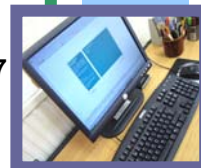

Another project in a dramatic setting, this time on the Ross-shire coast, is this conversion and extension in Ardheslaig, recently granted planning approval by Highland Council

## Technical talk

EK:JN have recently upgraded their drafting computers with **Autocad LT2007** software. Autocad is the market-leading computer drafting software, used worldwide, and the 2007 version is the most advanced yet.

The software is installed on our fully networked computer system which uses a platform of Windows XP pro, and includes a multi-disc back-up system with uninterrupted power supply, making EK:JN as up-to-date as any architectural practice anywhere in the world.
